

# Instructions

Your task is to sort the data into the different categories you think it belongs in.

Once you have decided what category it should go in place the data under the category heading.

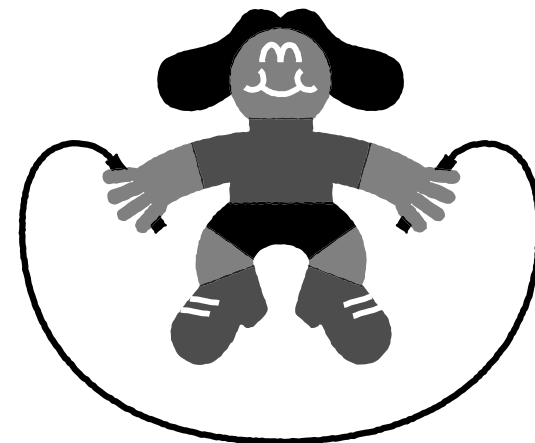

# Healthy Eating

This could include things like:

- Access to healthy food that tastes good and are suitable for people from different backgrounds
- Access to water
- Cost of food and drinks
- Advertising for food and drinks

# Being Active

This could include things like:

- Independent and active travel (walking, skating, scooting and riding bikes)
- Playgrounds and other play spaces
- Accessible play, (making sure people with different abilities can play)
- Equal play and sporting opportunities for people with different needs and interests
- Respect for diversity

# Feeling safe in my neighbourhood

This could include things like:

- Feeling safe or unsafe
- Being part of a community that cares for and welcomes other people
- Feeling safe/unsafe at night and when using public transport
- Availability of safe and accessible toilets
- Safe/unsafe roads and paths
